

Dear Day Camp Families-

Excitement is mounting at Camp Canaan as we prepare to begin our Day Camp programs on schedule starting on June 8th. That said, this summer will not be exactly the same as previous summers that you may have experienced with us.

COVID-19 has forced all of us to consider a new normal in every aspect of our lives. This is certainly the case in how we will run camp. We have attached to this email a copy of our COVID-19 protocols. These will outline how we plan to offer the same quality programming in a safe way that follows the state and federal guidelines.

There is no way we can guarantee families a totally risk-free environment, and there is no way we can guarantee that children will remain 6 feet apart at all times. However, in working with our staff and board of directors we have altered our programs to limit the close contact among campers. In the new COVID-19 policies you'll see that we have created a highly controlled environment and a plan for consistently disinfected facilities.

We recognize that every family has not responded to Covid-19 with the same level of caution and precaution. Our desire is to provide a highly desirable and exciting camp experience and at the same time a highly safe and healthy environment. We ask that you read through our policies next week and consider if what we have outlined is the right fit for your family.

We value our relationship with you and hope to be able to serve your family this summer.

In Christ,

Matt Harper  
Executive Director
